The Reality: Why Traditional Business Software is Failing You

Industry data shows why businesses are abandoning legacy tools like Odoo, SAP, and spreadsheets

73%	15.2 Hrs/Wk	15 Mins	+\$42,300+
Of legacy ERP implementations (Odoo/SAP) fail or exceed budget (Gartner)	Wasted per company re-typing numbers across spreadsheets & QuickBooks	Time required to go live on our AI platform with automated onboarding	Average annual hard cost saved by consolidating tools & automating data entry

■ The Legacy Trap (Odoo / SAP / Excel Sprawl)	■ The Next-Gen AI Operating System
• 3 to 6 Months Setup: Trapped paying \$150/hr consultant fees. • Endless Manual Typing: Manually keying supplier bills and stock lists. • Siloed Tools: Paying separately for CRM, Books, MRP & Outbound. • Blind Decision Making: Outdated weekly reports that hide risks.	• Live in 15 Minutes: Zero-friction setup with 1-click import & free migration. • 3-Second AI OCR Scanner: Drop PDF invoices & auto-fill the ledger. • All-in-One Synchronized Core: CRM, Books, Stock, HR & Calling unified. • Predictive AI Forecasting: Real-time cash flow & demand prediction.

Live Product Showcase: High-Performance Architecture

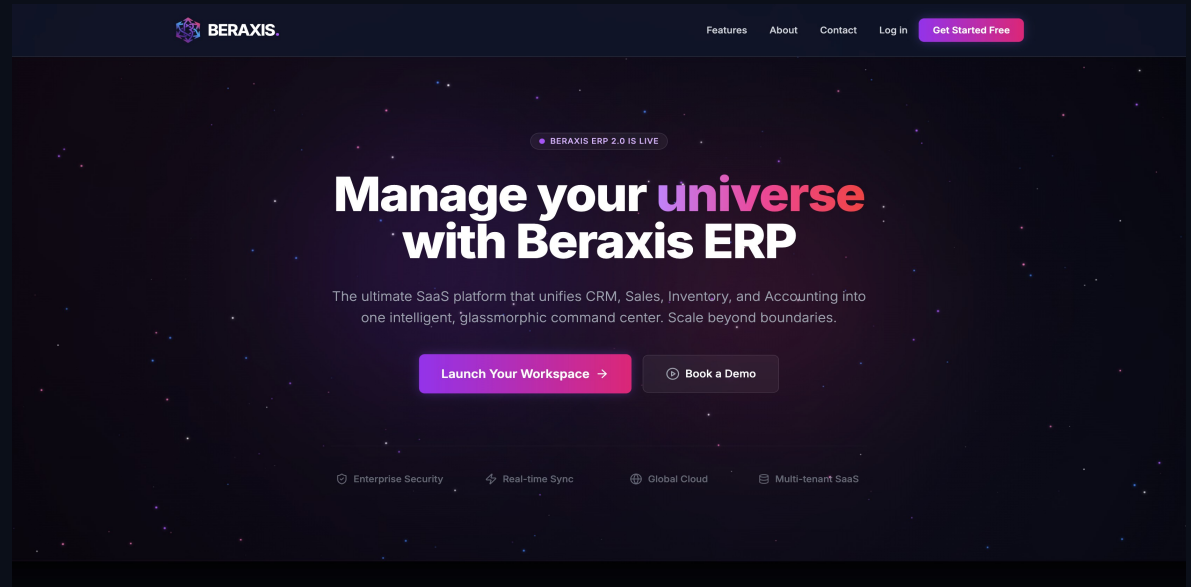

An intuitive Next.js enterprise interface designed for effortless daily operation

Single Unified Command Center:

- **Zero Learning Curve:** Clutter-free UI that any employee can master on Day 1.
- **Live Cross-Department Sync:** Confirming a Sales Order automatically reserves stock and prepares the draft invoice in Finance.
- **Enterprise Role Security:** Strict permissions protect sensitive financial records.
- **Instant Global Search:** Find any client, invoice, PO, or SKU in <200ms.

Real-Time KPI Tracking:

- Daily Cash Flow & Burn Rate
- Sales Conversion Velocity
- Stock Depletion Warnings

Intelligent Sales CRM & Automated OCR Accounting

Transforming manual operations into automated, AI-accelerated workflows

■ Intelligent Sales CRM

- **Visual Kanban Pipeline:** Drag-and-drop deals across stages.
- **AI Lead Scoring (94.2% Accuracy):** Predicts which leads will close.
- **Email Sentiment Alerts:** Flags client dissatisfaction early.
- **1-Click Quotes to Orders:** Turn proposals into signed deals instantly.

■ Automated Accounting & Invoicing

- **3-Sec OCR Bill Ingestion:** Drop supplier PDF invoices and auto-fill line items, VAT, and general ledger.
- **Auto Bank Reconciliation:** Matches statement lines in seconds.
- **Real-Time Financials:** Instant P&L, Balance Sheet, and Tax Ledger.

Slide 4 of 8

Smart Inventory, Manufacturing (MRP) & HRMS

End-to-end operational visibility from warehouse logistics to employee payroll

■ Smart Inventory & MRP (Manufacturing)

- **Multi-Warehouse Tracking:** Track inventory across stores, warehouses, and fulfillment centers in real time.
- **AI Demand Forecasting:** Automatically calculates safety stock and prevents stockouts based on sales velocity.
- **Multi-Level Bill of Materials (BOM):** Automated raw material consumption on production orders.
- **Auto-PO Reordering:** Auto-drafts Purchase Orders when stock reaches safety thresholds.

■ HRMS, Attendance & Automated Payroll

- **Employee Directory:** Secure contracts & employee profiles.
- **Leave Management:** 1-click vacation & sick leave approval.
- **Automated Payroll Runs:** Generates salary slips and tax deductions in one click.

Executive Dashboards

Get a bird's-eye view of your entire operation with real-time analytics and KPIs.

Enterprise Security

Bank-grade encryption, row-level security (RLS), and granular role-based access control.

Lightning Fast

Built on a modern React/Next.js stack with a Python FastAPI backend for instant responses.

Loved by visionaries

Don't just take our word for it. Here's what our users have to say.

★★★★★

"Galaxy ERP completely transformed how we operate. We replaced five different fragmented systems with one beautiful interface. Our sales cycle is 30% faster."

S Sarah Jenkins
COO at TechNova

★★★★★

"The level of polish on this platform is insane. It doesn't feel like enterprise software, it feels like a modern SaaS app that my team actually enjoys using."

M Marcus Rodriguez
Founder, ScaleUp Inc.

★★★★★

"The real-time inventory sync combined with the intelligent CRM has saved us countless hours of manual data entry. Best investment we've made this year."

E Elena Rossi
VP of Operations

The Autonomous Growth Engine: Built-in Marketing & Outbound

We don't just record your business — our platform actively generates new revenue for you

1. Multi-Channel Marketing Suite	2. Automated Cold Email Engine	3. AI Cold Calling & Voice Agents
• Centralized campaign ROI dashboard. • Landing page & lead form generation. • Multi-channel attribution tracking. • Inbound leads funnel directly into CRM. • Replaces HubSpot Marketing (\$800/mo)	• Built-in mailbox warmup & sender pools. • AI-personalized cold outreach copy. • Automated multi-step follow-up sequences. • Positive replies turn into deals instantly. • Replaces Lemlist / Instantly (\$150/mo)	• AI phone agents dial leads within 60s. • Qualifies budget, authority, and need. • Books appointments directly on calendar. • Transcribes call sentiment into CRM. • Optional dedicated SDR support add-on

The All-in-One Advantage: Stop paying for 8 different software licenses. Our upcoming revenue engine brings pipeline generation and ERP operations into one continuous loop.

Concrete Business ROI: Why This Platform Pays For Itself

Financial breakdown of hard dollar savings for a standard 25-person company

Expense Category	Old Fragmented Approach (SaaS Sprawl)	With Our Next-Gen AI ERP	Your Net Annual Return
Software Subscriptions (CRM, Books, MRP, HR, Outbound)	HubSpot (\$300) + QuickBooks (\$90) + Katana MRP (\$350) + Gusto (\$120) + Instantly (\$100) = \$960/mo	Single Unified ERP Subscription = \$199/mo (All Modules Included)	+\$9,132 / Year Direct SaaS Savings
Manual Data Entry Labor (Typing Invoices, POs & Reports)	15.2 hours/week spent keying in receipts, re-entering sales data into spreadsheets.	3-sec OCR receipt ingestion and automated double-entry ledger posting.	+\$14,592 / Year Labor Hours Recovered
Prevented Stockouts & Fast Deals (Lost Revenue Prevention)	Missed orders due to stockouts, lost leads in messy inboxes, delayed proposals.	AI Demand Forecasting + AI Lead Scoring + Instant Quote Generation.	+\$18,600 / Year Net Revenue Captured

TOTAL ESTIMATED CLIENT VALUE: +\$42,324 / YEAR IN MEASURABLE ROI

The platform pays for itself within the first 30 days of active deployment.

100% Zero-Risk Onboarding: Get Up and Running Today

We eliminate every barrier so your business experiences immediate, uninterrupted value
